## ROOSEVELT PRAISES THE UNITED PRESS CORRESPONDENT

Devotes Editorial Column of Current Outlook to Literary Prowess of Warrington Dawson, Whose Accurate Reports of the African Hunt Have Attracted Wide Attention.

(Special from United Press.) New York, June 3.—With characteristic enthusiasm, Colonel Theodore Roosevelt in the current month of the Outlook, out today, devotes an editorial column of praise to the literary prowess of Warrington Dawson, the staff correspondent of the United Press, who is sending stories of the doings of the Roosevelt party in Africa which have attracted considerable notice. He said:

"It seems rather queer to go abroad and discover an American author. Two books have appeared in England during the last year or two named 'The Search' and 'The Discovery'. They have been a success not only in England but on the continent. Yet they are by an American, Warrington Dawson, of New York. They deal with localities, types and questions exclusively and typically American. It is not very creditable to us that this American aristocrat spent the life of his American scenes and customs, should have an exclusively European audience."

But Dawson's stories are laid in Virginia. In each volume a Northerner is thrown into intimate connection with the members of a proud cast of provincial aristocrats who have been slowly sinking under the burden of grinding poverty. It is in his study of these native whites—both of the aristocrats and of the poor—struggling upwards and those whom an iron fate is slowly forcing downwards—and in his studies of a dark-skinned alien race so intimately connected with them that Mr. Dawson excels."

But almost equally good is the study of the Northern negro dwells South, who has made a real business success, who is in his own fashion devoted to the interests of the people with whom he has spent his life, whom they at bottom never cease to regard as an interloper.

"I have no intention of writing a criticism of Mr. Dawson's books, but it is worth while calling attention to the fact that this author who writes with power and interest of vital human matters has his critics and his audience abroad but has neither critics nor audience at home. He should have both. (Signed) Theodore Roosevelt, Mombasa, British East Africa, April 23, '02."

Although Colonel Roosevelt had never met Dawson until the beginning of the present trip, the personality and painstaking accuracy of the young newspaper man in the statement of facts regarding the hunt attracted his attention. As a bond of friendship between the two sprang up, Colonel Roosevelt gradually lowered the barrier between himself and the young man, who had been in the news of his trip until when he started north today for Kijabe, Dawson accompanied the party at the invitation of Colonel Roosevelt.

Warrington Dawson has for a number of years been the Paris manager of the United Press.

## Off for Kijabe

### Hunting Ground

(By Warrington Dawson, Staff Correspondent United Press.) Nairobi, British East Africa, June 3.—The Roosevelt expedition, which left Nairobi at 1:20 this afternoon for Kijabe, about 60 miles to the north-west, upon invitation of Mr. Roosevelt, accompanied the party on their journey.

The party will camp out for the night. The safari who are to accompany Mr. Roosevelt on his hunt in the Lumbwa district will meet him at Kijabe and later in the day start for Sotik will be made. The objective point will be almost due west and will be reached by caravan. As there are no railways in the district, the party will probably pitch its tent Sunday.

## MAY BIG MONTH FOR AMBULANCE

Responded to 92 Calls, the Record for One Month, on 70 Gallons of Gasoline.

In May the ambulance broke all records for the department by making 92 runs in the 31 days. For ten years there has not been a July which equalled this record, although the glorious Fourth has always swelled the July ambulance record. Seventy gallons of gasoline were used. The ambulance is sent into the new vehicle and are sending for it because they know it will make good time.

The ambulance is kept in a garage next door to the department headquarters and no time is lost in getting it out. The ambulance has been in service since it was first used, and is ready to make another run at once.

A. folks and leading churches decided that President Taft might have been right when he said that the production of the new Charles Richmond comedy drama, 'So they said', was a masterpiece of the theatre.

Conditions favor for this vicinity generally cloudy and unsettled weather followed by showers.

## Mayor McClellan Probing Workings of Police Department

(Special from United Press.) New York, June 3.—The entire inquest of the New York police department are to be probed by Mayor McClellan, especially the allegations that in the operation of the third degree the rights of prisoners have not been respected by the detectives of the Central Office. Mayor McClellan to-day took up a star chamber of the Supreme Court William J. Gaynor regarding the alleged illegal photographing for the 'Rustic' gallery of the city's police.

McClellan is holding the proceedings as a magistrate and all testimony is taken under oath. Witnesses

## COBURN PLAYERS IN 'AS YOU LIKE IT' AT BROOKLAWN

The Coburn players of New York City had their festival at the Brooklawn Country Club this afternoon with a performance of "Twelfth Night." This evening "As You Like It" will be given and to-morrow evening Percy MacKaye's poetic comedy "The Canterbury Pilgrims" will be produced for the first time. The performances are under the auspices of the Fairfield County Anti-Tuberculosis Association.

The company is made up of some of the best Shakespearean actors in the country—an aggregation which it would be well nigh impossible to get together in the regular theatre.

May will go ringing down the corridors of time, according to Weather Observer William Jennings, as one of the driest May's in 37 years. There was a total precipitation of 1.73 inches, while 4-1-2 inches is the average for 37 May's. The hottest day in Memorial Day, when the thermometer reached 85. On the hottest day in 37 May's the temperature reached 93. On May 2 the mercury dropped to 37. Once during the observed period it dropped to 30. The greatest daily range of temperature was 36 degrees and the least 4. There were 14 clear days, 10 cloudy and seven partly cloudy. There were three thunderstorms, on the 7th, 15th, and 28th respectively. The lowest barometer was 29.8, 29.60 and the highest, May 26, 30.23.

## PRESIDENT TAFT BACK BY SOUTHERN ROUTE

(Special from United Press.) Washington, June 3.—President Taft has been made to President W. K. Kavanagh, of the Lakes to the Gulf Deep Waterways Association, that President Taft will attend if possible the annual convention of that organization at New Orleans, early in November.

The President hopes to return from the Western trip by the Southern route. The association was desirous that the President make the trip to New Orleans, down the Mississippi river to Louisville, but President Taft thought that this would be impossible.

## Philip Corbin's Chum Is Life Prisoner

(Special from United Press.) Waterbury, June 2.—Philip Corbin of New Britain, president of the American Hardware Company and considered Connecticut's richest citizen, has for the past 45 years made two visits each year to Waterbury State Prison to see a chum and boyhood companion who was sentenced for life in 1864, for murder. The prisoner is Charles Gilbert, with whom Corbin years ago played cricket on the New Britain team. Gilbert in a fit of rage shot and killed a friend, Henry Caldwell.

Corbin, while he stood by Gilbert throughout the trial, told him he considered him guilty and that he believed he deserved the sentence which he received. At the same time he pledged himself to visit Gilbert twice a year and to look after his family. He has done this during all these years. Corbin has never attempted to use his influence to liberate Gilbert. He has just returned from a visit to the prisoner and says:

"I do not think Gilbert would want me to go against my conscience in the matter. He is guilty and knows that he deserves the punishment to him."

## CHICAGO POLICE ARE STILL PROBING THE MURDER CASE

(Special from United Press.) Chicago, June 3.—Proceedings in the Cleminson murder case were suspended today until the police receive the report of the coroner's chemist of the analysis of the dead woman's internal organs. The case was officially labeled "murder" yesterday when Dr. Haldane Cleminson was arraigned on

that charge. No plea was entered and the physician was held without bail for a further hearing on June 8.

Neither side denies Mrs. Cleminson was poisoned. In fact, both sides confirm it. But while the police assert that the poison was given by the woman's husband, Cleminson declares that she took it herself. Cleminson's contradictory stories have injured his wife's death in the following ways: Chloroformed by burglars; suicide, because she believed him unfaithful; suicide because he had accused her of unfaithfulness; died from poison given her by a third party or parties.

The first story he has repudiated, explaining that he took it to save the honor of his wife and children. Today the police renewed their efforts to find one or both of Cleminson's alleged accomplices. The doctor refused absolutely to help them.
